All That Remains latest single, "The Last Time," jumps to #7 on the Active Rock Radio this week along with contemporaries Staind, Alter Bridge, Avenged Sevenfold, and rock staples Foo Fighters, KoRn and the Red Hot Chili Peppers. This is the ATR's third Top 10 hit single and fourth consecutive hit single at Active Rock radio. The band's latest release, *For We Are Many*, also spawned the hit "Hold On," which spent nearly 7 months on the Active Rock charts, 3 1/2 months in the Top 10, eventually peaking at #7. Both singles released off the band's 2008 album *Overcome*, ATR's 2008 album, were mainstays in the Active Rock Top 15. The band's latest video for their second single "The Last Time" can be viewed [HERE](#).

ATR will hit the road this fall as main support to Five Finger Death Punch on the "Share The Welt" nationwide tour, with additional support from Hatebreed and Rev Theory. The tour will kick off in San Francisco on October 16th with some headline tour dates as well (tour dates below). This run will be the last time fans can catch All That Remains on tour in support of their 2010 release *For We Are Many*.

All That Remains has spent over a year on the road touring behind their 2010 release, *For We Are Many*, playing over 240 shows including a headlining tours as well as tours with Asking Alexandria, Buckcherry, Black Label Society and Hollywood Undead as well as a few major radio and international festivals. Massachusetts hard rockers All That Remains latest release, *For We Are Many* debuted at #10 on the Billboard Top 200 chart last October and has already sold over 141,000 albums. All That Remains have sold over 820,000 albums and 1,100,000 tracks to date. *Outburn* recently declared, "If there was ever any question as to whether ATR deserved to be considered among the melodic metal elite, *For We Are Many* will dispel any lingering doubts once and for all."
