FIVE FINGER DEATH PUNCH: New Music Video for 'Under and Over It' Revealed, New SHARE THE WELT Tour Dates Announced

Pre-Orders are Available Now for 'American Capitalist' at Multiple Online Retailers TODAY!

Yesterday, **FIVE FINGER DEATH PUNCH** unveiled the brand-new video 'Under and Over It', which [ARTISTdirect](#) called, "the video of the year." The satirical video was directed by noted film director Ethan Maniquis (co-director of Machete) and shot at Gavin Maloof's spectacular mansion in Las Vegas. Head to [ARTISTdirect](#) to view the video now!

"We wanted to hit a pretty sarcastic tone with it, so it looks like a typical big cock-rock video, but in a tongue in cheek way," states guitarist Zoltan Bathory. "We put all the 'big-time video' clichés in it except for the booty shake, or maybe we even got that, I don't remember. We do have the party scenes, cars, airplanes, mansions, pools and girls - of course you can't have a raaawwwk video without your token pool scene. Also, it's shot from a behind-the-scenes perspective where you can actually see the director 'trying' to direct our music video. He is running in and out of the frames, posing the band, trying to make us act a certain way, which is pretty typical of most video shoots and it always annoys the hell out of the bands. It's an interesting angle the fans never get to see, and adds to the sarcasm of the whole clip. We just wanted to have fun with it, and actually it

ended up being a blast and more of a party than a stressful video shoot. Maybe we'll shoot part two for this. Haha!"

American Capitalist is available for pre-order starting today at several online retailers. You can pre-order the album at iTunes ([Deluxe](#), [Explicit](#) or [Edited](#)), [Amazon](#), Best Buy, [Newberry Comics](#) and more.

The band recently announced their upcoming headlining run with the **'SHARE THE WELT TOUR'** in support of their new album, *American Capitalist*.
