**JEREMY WAGNER Presents: THE ARMAGEDDON CHORD  
"Ultimate Prize Pack" for Rocky Wood Auction!**

**JEREMY WAGNER** has donated the ultimate **Armageddon Chord** prize package to the Rocky Wood fundraiser/auction! Rocky Wood is the past president of the Australian-American Association and current president of the Australian Horror Writer's Association. Rocky suffers from Lou Gehrig's Disease (ALS), a disease of the nerve cells in the brain and spinal column that affects the neuromuscular system.

**The Armageddon Chord** items in the prize package include a signed first-edition of **The Armageddon Chord**, autographed author photo, collectible **TAC** guitar-picks, and a **TAC** t-shirt! The starting bid on this auction is only \$100, and Jeremy will personally ship the prizes to the winner. In addition, Jeremy is going to throw in a number of **Broken Hope** and **Lupara** extras not listed—just to say “THANKS” to the winner!

Aside from Jeremy's own book and prizes, there are other great items for auction, too, including signed books by **STEPHEN KING** and others! Check it out: <http://www.australianhorror.com/index.php?view=289>

Please take a look, and please bid on these great items all for a most worthy cause. **All proceeds go toward the cost of medical equipment for Rocky Wood.**
