"The **ROCKSTAR ENERGY DRINK MAYHEM FESTIVAL** was even more rad than I thought it would be! I got turned on to killer new bands, rediscovered legendary older bands, and played to the hands down best fans on the planet," states **Godsmack** drummer Shannon Larkin. "From the producers of the whole event down to the carpenters, everything was handled with professionalism and care, making a drama-free environment that was a pleasure to be a part of."

"The critically acclaimed 'tour of the summer,' the **ROCKSTAR ENERGY DRINK MAYHEM FESTIVAL** 2011, was quite an enigma to me when we first were approached with the idea," adds **Megadeth** vocalist and guitarist Dave Mustaine. "But lemme tell ya, it became real clear that we had made a brilliant decision! I was honored to play for John Reese and whole **ROCKSTAR ENERGY DRINK MAYHEM FESTIVAL** team."

“The **ROCKSTAR ENERGY DRINK MAYHEM FESTIVAL** was certainly a touring highlight for me in the seven years I have been in **Megadeth**,” states **Megadeth** drummer Shawn Drover. “So many fantastic bands, amazing crowds every night and the overall positive vibes both on and off stage between bands, crews and the entire festival staff will be something I will remember for life.”

“What an amazing summer on the **ROCKSTAR ENERGY DRINK MAYHEM FESTIVAL**! A huge thanks to John Reese and everyone involved for creating such a band friendly atmosphere for metal and hard rock,” adds **Machine Head** drummer Dave McClain. “Machine Head are honored to have been a part of it for the second time and we hope there's more in the future!”
