‘Reaching Home’ was shot on the island of Lanzarote (part of The Canary Islands) off the coast of Morocco and was directed by **TEXTURES** bass player Remko Tielemans together with the help of [Kunststoff Media](#).

States the band: “It took us quite some blood, sweat, and tears to make this video, but it was really rewarding to be able to do it ourselves with the total dedication and support from our colleagues at Kunststoff. Another DIY project in the books! Hope you guys and girls like it!”

Dualism will be released on September 23rd in Europe, South America, Australia & Asia and on September 27th in North America. The album was recorded at Split Second Sound Studios in Amsterdam with **TEXTURES** guitarist & producer Jochem Jacobs.
